

## Get Started

Visit your library site and follow these easy steps to **browse**, **click**, and **enjoy** your eBook.

<https://tn.odilo.us/#help>

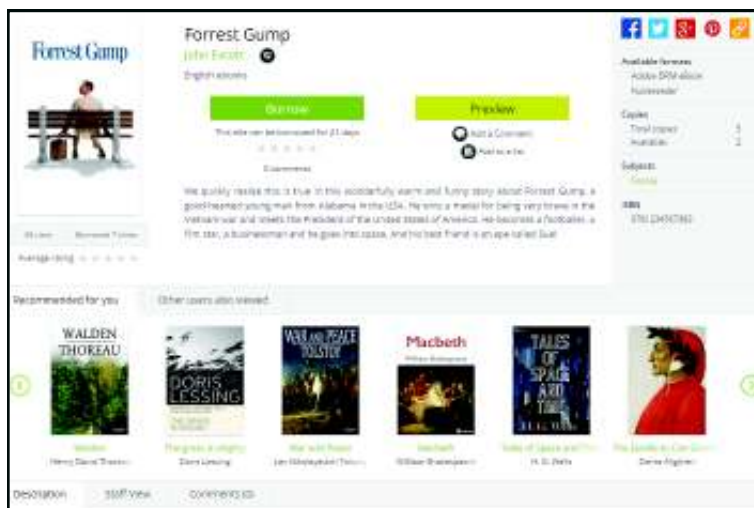

## Browse

Hover over image to see quick info, like title, author, publisher, ratings, comments, available format, borrow, and preview.

## Click

Click on the image to see more details, book preview, share on social media, add to a list, other reading recommendations, or to borrow. If the title is available, you will be able to click on **Borrow** (if you haven't logged in yet, you will need to do that now).

## Enjoy

Click on **Download**, to enjoy as an Adobe eBook (requires ADE, Adobe Digital Editions, to be installed on your PC or MAC) or **Display**, to enjoy via any device through ODILO's Nubereader. Easy access to all ODILOAPP features, like syncing your bookmarks and libraries across multiple devices.

**Browse, borrow, read, listen, & watch.  
Anytime, anywhere.**

### ODILOAPPS

Available for iPhone, iPad, Android, Windows Phone, Windows 8, Kindle Fire HD, and NOOK HD/HD+, etc.

## ODILO BookClub

If your library offers the ODILO BookClub, you can enjoy an engaging online literary experience. Learn about different book clubs, including description, discussions, calendar, current titles being read, past titles read, along with direct access to the titles. Once a member, you can immediately access the book(s) being read and participate in live discussions.
